

ENVIRONMENTAL POLICY STATEMENT

Scalemaster Limited aims to be recognized as the leading supplier of water treatment products.

Scalemaster Limited readily acknowledges that it has both a moral and a legal responsibility to minimize its impacts on the environment. In order to meet this responsibility the Company is committed to establishing, maintaining and continually improving documented, effective and efficient Environmental Management Systems. These systems form part of the business management systems of the Company and are designed to meet the requirements of all current applicable legislation, and ISO 14001.

To minimize environmental impacts concerning our activities, products and services, Scalemaster Limited shall:-

- Comply with all applicable legal requirements which relate to its environmental aspects
- Include the consideration of environmental issues in all business strategies and initiatives
- Prevent pollution, reduce waste and seek to minimise the consumption of resources
- Consider the wider global impact of all our activities including those of our suppliers customers and other stakeholders
- Educate, train and motivate employees to ensure that all employees are aware of their individual environmental responsibilities and are competent to undertake allocated tasks with a significant environmental impact
- Encourage environmental protection among suppliers and subcontractors
- Endeavour to influence its suppliers, customers and third parties to consider a life cycle perspective when determining the environmental impacts of their aspects and activities
- Set relevant objectives for the Environmental Management System to enable the effectiveness of the system to be measured and communicate these objectives to all employees
- Seek opportunities to continually improve the operation of its Environmental Management System

Scalemaster Limited senior management are committed to ensure that protection of the environment is firmly embedded in both the Company's and all employees' culture and will endeavour to influence its suppliers and customers in a similar strategic environmental manner.

This policy statement is reviewed for suitability to the on-going operations of the organization on an annual basis as part of the management review process.

This Policy will be communicated to all staff, contractors and suppliers, and be available to the public through selected media.
